

The Gesu Parent Handbook states that:

"Leather or suede shoes are acceptable in brown, tan, black, navy blue or red with heels that do not exceed 1 inch. Shoe style should be appropriate for school wear, such as oxford-style tie, penny-loafer styles or saddle shoes. Shoes should not have the appearance of athletic shoes and with the exception of saddle shoes, should be one color. Athletic shoes in any color or materials, sandals, boots, high tops (anything above the ankle), work shoes, cowboy boots, or any type of canvas or corduroy shoes are NOT acceptable. For safety reasons, clogs are not permitted. Shoes must have closed heels - sling back styles are not acceptable."

Can you tell why these shoes do not meet the uniform guidelines for Gesu School?
Please try to avoid these styles when you shop for school shoes.

<p>Canvas Shoes with Gum Soles (Many are also wrong colors!)</p>

**Backless Shoes
or Clogs**

**Boots or shoes
that go above
the ankle**

Moccasin style shoes

Shoes with heels that exceed one inch in height

Shoes that either the wrong color or the style is not durable enough for wearing to school (We find that they are hard to keep on and tend to look very sloppy)
